Please check detailed information about bus services and bus stops on the website of each bus company.

*The required time by a private car is based on "Kita no Michi Navi" provided by the Public Works Research Institute's Civil Engineering Research Institute for Cold Regions (independent organization).
*In the case of remote islands, the required time to nearby cities includes boarding time of a ferry.
*Required time doesn't include waiting time for transits.
*The required time of a private car means the case in which you take express ways. The required time of JR and city buses means a minimum time.
*The date was created in December 2016.
